

BEST BUILT BATCH FREEZERS SINCE 1905

# 24NW/24LA

## Up to 24 quarts per batch

Take your frozen dessert business to new heights with the 24QT batch freezer—the ultimate solution for large-scale production, multi-location shops, pint and quart filling, and wholesale operations.

Engineered for versatility, this powerhouse effortlessly creates an endless variety of treats, from classic and super-premium ice creams to rich gelato, creamy frozen yogurt, custard, dairy-free options, cream ices, vibrant fruit sorbets, frozen lemonade, Italian ice, and sherbet. Imagine adding cookies, candies, fresh fruits—even whole pies—directly into the machine, unlocking layers of real, irresistible flavors in every batch.

With the exclusive Infinite Overrun Control (IOC) and 12 customizable presets, you can fine-tune texture and overrun for a flawless, signature product every time.
